

E-learning for Gloucestershire Governors

Modern Governor is a range of e-learning courses from Learning Pool, the public sector learning community.

Modern Governor has been designed to help School Governors develop their knowledge and skills through e-learning and is being used by thousands of both newly appointed and established School Governors nationwide.

The e-learning is interactive and engaging, using scenario based material to make the subjects come alive. Access the courses online, either alone or as part of a Governing Body meeting for group learning.

The following courses are available now:

- My Role as a Governor
- Community Cohesion
- Ofsted and Self-Evaluation
- Health and Safety
- School Finance
- School Recruitment Practices
- The New Governor
- Safeguarding and Promoting Child Welfare
- Admissions and Discipline
- Some Governors' Questions Answered
- Becoming a School Governor
- Chairing Governing Body Meetings
- Equality and Diversity for School Governors
- School Governors and Writing for the Web

Here's what some of your fellow Governors around the country say about Modern Governor:

"It was clearly set out in sections that were easily understandable and relevant."

"It is a valuable tool for governors."

"Very easy to follow format. The information contained in the videos is short, sharp and to the point."

"Accurate information." "Highlighted responsibilities."

"A great idea for busy Governors with children or difficult work patterns."
